January Ideas To Expand Your Income

- 1) This is the time of year when people are concerned about health and fitness. Become an affiliate of Amazon and put the links to fitness products, DVDs, etc on your blog.
- 2) This is also the time of year that people are looking to get organized. Post some affiliate links for books that can help people get organized and get rid of clutter. In addition to Amazon, you can also join the affiliate programs offered by Commission Junction, Linkshare, and Google's Affiliate Network.
- 3) Another popular New Year's Resolution is to get out of debt. There are many "work from home" products out there. ClickBank offers quite a few ebooks, and there are many other books, ebooks, etc out there from Amazon and privately owned sites. Find your favorites and post some affiliate links.

- 4) **Craft Fairs / Trade Shows:** Do you offer a product that can be displayed at a craft fair or trade show? If you can afford to have a booth, go for it! Again, you'll meet a lot of new people and some of them may become your customers!
- 5) If you cannot afford to go to a conference or have a booth at a craft fair, consider donating to swag bags. A "swag bag" is a bag that is given to people who attend conferences, craft shows, and other events. Don't go broke doing this – just donate what you can afford to give, and make sure each item is tagged with your contact info. (so the recipient can order more!)
